

OCTOBER

Hello 5th Grade Character Education Volunteers!

Thank you for taking the time to help our PSE students learn about the importance of their character.

Please remember that the main goal is for the kids to think through and learn about the monthly trait; so, if you don't get through the entire slide presentation or activity that is completely fine. If the kids walk away understanding the character trait, then you have succeeded!

I'm learning right along with you and welcome feedback on what went well or how we can improve for next month.

Thanks!

ACTIVITY:

This month's character trait is **Honor/Reputation**. There will be a stack of famous cartoon character pictures, with facts about each one on the back (so that only you can see.)

Hold up one cartoon character up at time and have the entire class discuss the reputation of the cartoon character. Ask students if the character's reputation ever changed. Discuss how that happened...which should lead to a discussion on how changing a reputation requires a lot of work/determination because you have to PROVE you've changed.

Then ask the students what they would like to be known for. What is the reputation that they would like to carry with them?
